## SUMMARY

Web developer with expertise in front-end development and an in-depth understanding of back-end development practices and methodologies, thus able to work on both ends of a project to assist the team, balance the workload, and meet project deadlines.

## EXPERIENCE

### Web Developer
**Sylogist**                                                                    **May 2022 – July 2023,  Barrie, ON**
· Integrated Microsoft Dynamics CRMs with CMS systems.
· Developed the front end according to wireframes and user stories.
· Applied performance fixes to reduce loading times and decrease Azure operating costs.

### Freelance Web Developer
**Destinade**                                                                   **June 2020 – May 2022,  North York, ON**
· Developed and maintained travel management software.
· Implemented new features, tested, and debugged the software.
· Gained valuable experience in software development, project management, and customer service.

### Junior Web Developer
**Gri Creative**                                                                **June 2018 – May 2020,  Kadikoy, Istanbul**
· Applied custom layouts to existing portals and fixed bugs.
· Collaborated closely with senior developers to understand requirements and design specifications.
· Used HTML, CSS, and JavaScript skills to create visually appealing and functional layouts.
· Participated in code reviews with colleagues to ensure the quality and consistency of the codebase.

## EDUCATION

### Software Engineering Technician Honor's Diploma
Centennial College · Scarborough, ON · 2022 · 3.48
· CCSAI Excellence in Academics and Leadership Scholarship

## CERTIFICATIONS
