2-Year Honours Diploma 3.48 / 4.00

Bronte College of Canada, Mississauga, ON - *OSSD*

Class of 2015

AWARDS

CCSAI Excellence in Academics and Leadership Scholarship - 2021

TECHNICAL PROJECTS

PKNSL.COM - *Portfolio Website*

2020 - CURRENT

- At the beginning of the pandemic, I decided to create a new website as a hobby.
- After realizing the shift towards online businesses, I started offering website design services for clients across Canada.
- My past works are listed at the bottom of my home page under the works tab, www.pknsl.com.

E.CENTENNIAL HOMEPAGE SIMPLIFIER - *Google Chrome Extension*

2021

- Found the Brightspace portal of Centennial College website too cluttered with daily messages and banners. Instead of scrolling down to the courses menu every time I checked e.centennial, I created an extension that removed those banners using DOM manipulation.
- https://chrome.google.com/webstore/detail/ecentennial-homepage-simp/njhegnfnkmpeilpknmemolddmklodbda?hl=en

SURVEY CREATION AND ANALYTICS WEBSITE - *COMP 229 Project*

2021

- I have helped create this website with a team of 5 others in our COMP229 class. We used the express view engine, node.js, and .ejs templates to develop this website. It uses a NoSQL database hosted with MongoDB Atlas. It is hosted by Heroku.
- I played an integral role in setting up the framework, MVC folder structure, and the javascript code of the survey creation website. It uses native JS to add and remove new questions/options to questions.
- https://comp229-project-group-2.herokuapp.com/home

OTHER EXPERIENCE

Embr Events Inc, Ottawa, ON - *Brand Ambassador*

2017 - 2018

- Educated customers of various Muskoka and Beau's products via one-on-one interaction.
- Submitted detailed, accurate reports for inventory, payroll hours, and material used.
